Opening day for the Park has not been determined at this time so please check the District website at www.alpinesprings.org or call the office for additional information.

A Park Pass Application is attached. Please complete the application in full, including signing the application in the two designated places, and bring it to the District office with your check, payable to ASCWD, or mail in payment if you are a previous pass holder. **Please be sure to write your park card # on the application.** The District now takes credit card payment. There is a 2.5% convenience fee for use of a credit card.

ANNUAL BACKFLOW PREVENTION DEVICE CERTIFICATION

Backflow prevention devices are installed by a homeowner to protect the District’s water supply distribution system from possible contamination from a source within the home or property. This could be anything from a hydronic heating system, fire sprinkler system or your landscape irrigation system. Under Ordinance 2-88, Alpine Springs County Water District requires that these devices be tested by an approved backflow tester on an annual basis. The results are then sent to the District’s office. The District will send you a letter if you do not submit your annual inspection and test results to the District. Help the District keep our expenses down -- **mark your calendar** and don’t forget your annual backflow prevention device test. A list of qualified testers can be supplied to you by calling or emailing the District office at 583-2342 ext 15 or buz@alpinesprings.org. If you have any questions, please feel free to call or email.

NO DRUGS DOWN THE DRAIN

Free medications take back day. Drop off unneeded or expired prescription and over-the-counter medications at one of the following sites: Gateway Shopping Center in front of Safeway – Truckee or “New” NTFPD 222 Fairway Drive – Tahoe City. Date Saturday, April 27th between 9 am – 1:00 pm.

911 CALLS FROM CELL PHONES – if you call 911 from your cell phone to report an emergency be sure to ask for the Tahoe Dispatch. Calls from cell phones sometimes go to other areas not familiar with Tahoe and the dispatch may send someone to the wrong place depending on your service provider.
